FARSCAPE follows the adventures of astronaut John Crichton as a freak accident during an experimental space mission catapults him across a thousand galaxies to an alien battlefield. Suddenly, he's trapped among alien creatures wielding deadly technology - a battle that 20th century sci-fi pop culture never prepared him for. Hunted by a merciless military race, Crichton begins his quest for home from a distant galaxy.

A groundbreaking sci-fi production, FARSCAPE is a global favorite. Named by TV Guide as one of television's "Best Cult Shows Ever" and by Empire Magazine as one of the "50 Greatest TV Shows of All Time," FARSCAPE is known for the overwhelming fan-based campaign that led to its miniseries production, FARSCAPE: The Peacekeeper Wars. The show has continued to find new audiences as it airs in syndication and is available on DVD around the world as well as on iTunes, where it debuted as the top selling sci-fi show. Figurines and plush are also available along with the FARSCAPE comic book series which was entirely sold out five days after its first volume premiered in December 2008.
