

***Farscape* Revived On SCIFI.COM**

SCI FI Channel will revive its popular original show Farscape as a Web-based series of short films on SCIFI.COM's SCI FI Pulse broadband network, part of a slate of new original online programming.

SCI FI has ordered 10 webisodes of *Farscape*, to be produced by Brian Henson and Robert Halmi Jr. and produced by The Jim Henson Co., in association with RHI Entertainment.

The series will expand the *Farscape* universe, but the network had no announcements on casting or premiere dates.

Other new online series include SCI FI Tech, a companion to SCIFI.COM's SCI FI Tech blog, and *Invent This!*, which sets out to find the world's quirkiest inventions and get into the minds of the inventors behind each creation.
