About The Jim Henson Company: Discoveries

The Jim Henson Company has been an established leader in family entertainment for over 50 years and is recognized worldwide as an innovator in puppetry, animatronics and computer graphics. The Jim Henson Company: Discoveries, is a newly created acquisitions banner, celebrating outstanding third party produced independent film, television and video productions from around the globe that embody the Company's enduring legacy. With additional locations in New York and London, The Jim Henson Company is headquartered in Los Angeles on the historic Charlie Chaplin lot complete with soundstage and post-production facilities. Independently owned and operated by the five adult children of founder Jim Henson, the Company is also home to Jim Henson's Creature Shop™, a preeminent character-building and visual effects group with international film, television and advertising clients, as well as Henson Recording Studios, one of the music industry's top recording facilities known for its world-class blend of state of the art and vintage equipment. The Company is currently in production on "Sid the Science Kid," a new science readiness animated series for preschoolers scheduled to debut on PBS in September 2008, and recently launched "Puppet Up! - Uncensored," a live puppet improvisational show that has played to sold out crowds around the world and premiered as a special on TBS. The Company has also announced the creation of Jim Henson Designs, a merchandise collection inspired by Jim Henson's earliest sketches. www.henson.com

About Genius Products
